

D&P Maximum Waiver[®]

An affordable plan enhancement that promotes preventive care

The D&P Maximum Waiver helps members maximize their annual benefits while promoting oral health and preventive care. When added to eligible Delta Dental PPO[™] or Delta Dental PPO Plus Premier[™] plans, this feature waives all diagnostic and preventive services (D&P) from counting toward the annual maximum, ensuring more benefit dollars are available for procedures like fillings and crowns.

Benefits of Delta Dental's D&P Maximum Waiver:

-  Promotes good oral health habits and preventive care
-  Simple to understand and use with no qualifying events or tracking required
-  Potentially reduces long-term costs on major services

*While members may visit any dentist, maximum savings are achieved by using a contracted provider.

Maximize benefits while promoting preventive care

With the D&P Maximum Waiver, enrollees have more benefit dollars available for basic or major services. This feature preserves annual maximum benefits for more expensive procedures while encouraging consistent preventive care each year.
