## What is DeltaCare USA?

**DeltaCare USA is a copay plan that works similar to a dental HMO.** With this type of plan, enrollees must visit their selected DeltaCare USA dentist to receive benefits.<sup>1</sup> At the dentist, they will pay a predefined copayment — and that's it! Since we provide a list of copayments for covered services up front, enrollees can prepare for treatment costs ahead of time.

And, because this plan has no waiting periods, benefits can be used on the first day that coverage becomes effective.

## Is DeltaCare USA the right plan for my business?

**DeltaCare USA can be a great choice for an affordable plan.** Plus, with a large network of quality dentists, enrollees can get great service close to home.

**Need more reasons to love DeltaCare USA?** Most diagnostic and preventive procedures, like routine cleanings, are offered at low or no copay. And if an enrollee needs emergency dental care, even while away from home, they're covered through an emergency services provision.
