

Delta Dental Individual & Family™

DeltaCare® USA
Family Dental HMO

Dental benefits made easy.

What is DeltaCare USA?

DeltaCare USA is a copay plan that works similar to a dental HMO. With this type of plan, you must visit your selected DeltaCare USA dentist to receive benefits.¹ When you visit the dentist, simply pay your predefined copayment and you're all set! Since we provide a list of copayments for covered services up front, you can prepare for treatment costs ahead of time.

This plan has no waiting periods; you can use your benefits on the first day your coverage becomes effective.

Is a DeltaCare USA plan right for me?

DeltaCare USA can be a great choice if you are budget conscious. Many enrollees appreciate the transparent pricing and affordable premiums the plans offer. Plus, with a large network of quality dentists, you can get great service close to home.

Need more reasons to love DeltaCare USA? Most diagnostic and preventive procedures, like routine cleanings, are offered at low or no copay. And if you need emergency dental care, even when you're away from home, we've got you covered with an emergency services provision.

Important tips
