

Dental benefits the easy way

What is DeltaCare USA?

DeltaCare USA is a copay plan that works similar to a dental HMO. The plan gives you comprehensive coverage with no waiting periods, no hidden fees, no annual maximums and no deductibles. You'll have a complete list of copayments for every covered procedure so you know all your costs for preventive, basic and major services up front. That's the beauty of a DeltaCare USA plan.

Need more reasons to love DeltaCare USA? Most diagnostic and preventive procedures, like routine cleanings, are covered with low or no copayments.

Review the plan highlights on page three to view copayments for the most common covered services.

How does a DeltaCare USA plan work?

With this type of plan, you must visit your selected DeltaCare USA dentist to receive benefits.¹ However, you can switch to a new one at any time by logging in to your online account or by giving us a call.

Use our [Find a Dentist](#) tool to locate a DeltaCare USA dentist near you. Our directory includes Yelp reviews as well as an interactive map to accompany your search results.

On occasion you may need services that your selected dentist does not perform. If that happens, and you need to visit a specialist, your DeltaCare USA dentist will coordinate care and complete the required pre-authorization process.²

What are the benefits of a DeltaCare USA plan?

A DeltaCare USA plan goes beyond routine dental care. In fact, this plan covers a variety of preventive, basic and major services to provide you with coverage that really counts. Take a look:

- **Teeth whitening** – If keeping your whites as pearly as possible is important to you, you'll be pleased to know that all DeltaCare USA plans cover teeth whitening. That means, when you go through your selected DeltaCare USA dentist, you can undergo this process without paying the full price.
- **Emergency services** – Your DeltaCare USA plan has you covered for emergency services, too. If you're outside of your normal treatment area, and you have a dental emergency during non-business hours, your DeltaCare USA plan offers emergency services to make sure you're taken care of.³ You do not need to call for a referral, and you can seek treatment for pain management from any dentist.

Is DeltaCare USA the right plan for me?

DeltaCare USA can be a great choice if you like to plan ahead and stick to a budget. This is a plan with set copayments and no claim forms, so there's no guesswork about treatment costs. You'll appreciate its simplicity and affordable premiums. Plus, with a large network of quality dentists, you can get great service close to home.
