

Support women’s oral health through pregnancy and menopause

Next Stage™ Women’s Health is a unique expanded coverage program offered through Delta Dental PPO™ group plans, to help support women during two crucial stages of life.

Why we introduced Next Stage™ Women’s Health:

Your patients’ oral health is a part of their overall health and well-being.

- According to a 2023 survey¹, **84% of women 50+** are unaware of how menopause could impact their oral health, including risks of dry mouth, gum disease and tooth loss.
- **Patients may be cautious during pregnancy and avoid treatment of oral health issues due to safety concerns²**, leading to poor oral health outcomes like gingivitis, periodontitis and pregnancy tumors.

What the program includes:

Codes	Procedure	Next Stage™ Women’s Health program benefits
D0120	Oral exams	2 additional per year for up to 4 exams
D1110	Teeth cleaning (prophylaxis)	Any combination of up to 4 per year
D4910	Periodontal maintenance procedure	
D4346	Scaling in presence of moderate to severe gingival inflammation	
D0270, D0272, D0273, D0274, D0277	Additional X-rays (Bitewings)	1 additional set per year
D1206, D1208	Topical application of fluoride varnish – for adults	2 per year regardless of age

Verifying patient eligibility in Provider Tools:

When you check patient benefits using Provider Tools (www1.deltadentalins.com/provider-tools), you'll see a note that members in this group are eligible for extra wellness benefits through the Next Stage™ Women's Health program.

Women's Health participant appears after the patient's name if the patient has enrolled in the Next Stage™ Women's Health program.

Eligibility & benefits
