

Delta Dental Community Care Foundation

In 2023, Delta Dental and the Community Care Foundation granted **\$15,392,400** within the state of **California**.

The Delta Dental Community Care Foundation is committed to building caring, resilient communities by increasing access to oral health care. Since 2011, the Foundation has dedicated more than \$150 million to improving oral health across its enterprise, spanning 15 states and Washington, D.C. By investing in the four focus areas outlined below, the Foundation is helping to ensure that everyone, regardless of their background or location, has access to quality oral health care.

Access to Care Grants

Fund organizations working to increase access to care, address health disparities, drive oral health equity and promote innovation in the oral health field.

Senior Oral Health Program

A multi-year initiative to identify, assess and address the socioeconomic and systemic causes of poor oral health among older adults.

Education & Research Grants

Support our partnerships with universities to increase inclusiveness in the education and development of future dental professionals.

Community Investments

Focus on supporting local organizations through health equity, social justice and disaster relief efforts.

California Partner Spotlight

Mountain Valleys Health Centers (MVHC) is the primary provider of medical, dental, and behavioral health care for the medically underserved in a four-county frontier area of Northeast California. With an annual patient base of over 11,000, MVHC employs a whole person care model, integrating primary, behavioral, and oral health services. Co-locating these services enhances accessibility. Collaborating with county health departments, MVHC extends health and wellness services, including oral care, to rural residents in an affordable manner. The organization provides behavioral health services at school-based sites and dental hygiene outreach in schools serving low-income students. Supported by Delta Dental, MVHC plans to expand dental services further through a mobile clinic set to launch in 2024.
