

COMMUNITY CARE FOUNDATION

In 2024, Delta Dental and the Community Care Foundation granted **\$16,803,518** within the state of **California**.

The Delta Dental Community Care Foundation is committed to building caring, resilient communities by increasing access to oral health care. Since 2011, the Foundation has dedicated more than \$176 million to improving oral health across its enterprise, spanning 15 states and Washington, D.C. By investing in the four focus areas outlined below, the Foundation is helping to ensure that everyone, regardless of their background or location, has access to quality oral health care.

Access to Care Grants

Fund organizations working to increase access to care, address health disparities, drive oral health equity and promote innovation in the oral health field.

Senior Oral Health Program

A multi-year initiative to identify, assess and address the socioeconomic and systemic causes of poor oral health among older adults.

Education & Research Grants

Support our partnerships with universities to increase inclusiveness in the education and development of future dental professionals.

Community Investments

Focus on supporting local organizations through health equity, social justice and disaster relief efforts.

California Partner Spotlight

“Delta Dental Community Care Foundation’s invaluable partnership with Asian Health Services (AHS) has been instrumental in eliminating the six-month dental waitlist for our patients while also fostering the next generation of dental professionals. The AHS Dental Residency Program at our newest dental clinic will provide aspiring dental professionals with hands-on experience while addressing the unique needs of our local communities. AHS will be the first in the region with four specialties to offer a comprehensive dental residency program, setting a new standard for accessible and high-quality dental care. This was made possible because of your unwavering support and commitment to oral health. Thank you.”

**-Lina Park, Chief Development and Communications Officer,
Asian Health Services**
