Louisiana Partner Spotlight

“Thanks to the support of the Delta Dental Community Care Foundation, EXCELth Clinic was able to invest in a CBCT scanner now used to train residents in the Advanced Education in General Dentistry Program and provide implants to patients like me — people who otherwise couldn’t afford them. As a 93-year-old retiree, I lost my dental insurance years ago and couldn’t manage regular care. The EXCELth team has supported me for decades, and I’m thrilled to hear the mobile unit will soon return to my neighborhood, as traveling to the clinic has become harder. I’m deeply grateful for the care I’ve received over the years.”
