#### **Education & Research Grants**

Support our partnerships with universities to increase inclusiveness in the education and development of future dental professionals.

### **West Virginia Partner Spotlight**

“As a small network of community health centers in southern West Virginia Cabin Creek Health Systems works diligently to increase access to affordable oral health care for our rural patient population. Our partnership with Delta Dental Community Care Foundation (DDCCF) provides funding support to help offset providing services to our low income and elderly patients below the cost of our supplies and materials. Without the generosity of DDCCF, we would not be able to continue to offer these much-needed dental services.”
