## How does DeltaCare USA work?

If you're familiar with HMO-style insurance plans, you'll find DeltaCare USA easy to understand.

When you visit your chosen DeltaCare USA dentist for care, you'll just pay the copayments listed in your plan documents for any covered services you receive. Because there are no waiting periods or deductibles (minimum amounts you must pay before your plan will begin helping with your costs), you can make the most of your benefits the first day your coverage begins.

You won't need an ID card to get care. Just give your information to your dentist and they can find your coverage.

### Important tips

- Always visit your chosen DeltaCare USA primary care dentist for care. It's easy to change your dentist anytime online or by phone.<sup>2</sup>
- Find a DeltaCare USA dentist near you with **Find a Dentist search**. Browse the built-in Yelp® and DentaQual® ratings to help you find a dentist you'll love.

Read your policy carefully. This brochure provides a brief description of the important features of your policy. This is not the insurance policy and only the policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is therefore important that you read your policy carefully.
