The Exchange is responsible for establishing eligibility and reporting enrollment to Us. We process enrollment as reported by the Exchange.

This Policy includes Pediatric Benefits and Adult Benefits. Enrollees are eligible for either Pediatric or Adult Benefits according to the requirements listed below:

Eligibility Requirement for Pediatric Benefits

Pediatric Enrollees are Qualified Individuals as determined by the Exchange who are eligible and have enrolled for Pediatric Benefits under this Policy. A Qualified Individual must satisfy the Exchange's requirements regarding:

- citizenship, status as a national or otherwise lawfully present in the United States;
- incarceration; and
- residency.

Pediatric Enrollees eligible for Pediatric Benefits are:

- a Primary Enrollee or an emancipated minor to age 19; and/or
- a Primary Enrollee's Spouse under age 19 and dependent children from birth to age 19. Dependent children include natural children, stepchildren, foster children, adopted children, children placed for adoption and children of Spouse.

- citizenship, status as a national or otherwise lawfully present in the United States;
- incarceration; and
- residency.

Adult Enrollees eligible for Adult Benefits are:

- a Primary Enrollee age 19 years of age or older; and/or
- a Primary Enrollee's Spouse age 19 and older and dependent children from age 19 to age 26. Dependent children include natural children, stepchildren, foster children, adopted children, children placed for adoption and children of Spouse.

A dependent unmarried child 26 years of age or older may continue eligibility for Adult Benefits if:

- they are incapable of self-support because of a mental or physical disability that began prior to reaching the limiting age;
- they are chiefly dependent on the Primary Enrollee or Spouse for support; and
- proof of dependent's disability is provided within 31 days of request. Such requests will not be made more than once a year following a two year period after this dependent reaches the limiting age. Eligibility will continue as long as the dependent relies on the Primary Enrollee for support because of a physically or mentally disabling injury that began before they reached the limiting age. Eligibility will continue as long as the dependent relies on the Primary Enrollee or Spouse for support because of a mental or physical disability that began before they reached the limiting age.

Renewal

This Policy remains in effect for the Policy Year, provided it is not terminated by Us or by the Primary Enrollee. The Primary Enrollee will receive renewal information from the Exchange prior to any applicable Open Enrollment Period. The Primary Enrollee may change plan selections with the Exchange during the Open Enrollment Period. Provided We continue to make this Policy available through the Exchange at the renewal period:

- the Primary Enrollee may elect to choose this Policy, subject to the applicable Premium through the Exchange for this plan at the time of renewal; or
- the Primary Enrollee may not have to make an election through the Exchange in subsequent Open Enrollment Periods to continue coverage. You should refer to the Exchange rules regarding automatic renewal of coverage.

Termination of Coverage

The Primary Enrollee has the right to terminate coverage under this Policy by contacting the Marketplace call center. If coverage is terminated because You are covered by Medicaid, the last day of coverage with Us is the day before the new coverage is effective.

A full refund of Premium is available and will be made within 30 days of Your request for termination.

The Primary Enrollee may keep this Policy in force by timely payment of the Premiums. However, We may terminate coverage due to:

- You are no longer eligible through the Exchange or under the terms of this Policy;
- non-payment of Premiums, subject to the “*Grace Period on Late Payments*” provision;
- fraud or material misrepresentation made by or with the knowledge of the Primary Enrollee or You apply for this coverage or filing a claim for Benefits;
- the Primary Enrollee changing to a new policy through the Exchange; or
- We cease to renew all Policies issued on this form to residents of the state where You live.

If Your coverage is terminated, We will send a written notice to You informing You of the reasons(s) why coverage is terminated and the date that Your coverage will end. We will not pay for services received after the date coverage ends. However, We will pay for the completion of Single Procedures started while You were eligible if they are completed within 31 days of the date coverage ended.

If termination is due to loss of eligibility through the Exchange, termination is effective the last day of the month following the month that the Exchange notifies You of lack of eligibility. If You are no longer eligible due to age, termination is effective on the date reported by the Exchange and You should contact the Exchange to see if special enrollment periods apply.

Reinstatement

If this Policy is terminated, You may re-enroll in the plan at the next Open Enrollment Period. Any Deductible, Maximum, Out-of-Pocket Maximum and/or Waiting Period applicable to Your Benefits will start over. However, this Policy may be reinstated prior to Open Enrollment with no break in coverage provided the full Premium due is received by Us (see “*Grace Period on Late Payments*”). The reinstated Policy will have the same rights as before Your Policy lapsed, unless a change is made to this Policy in connection with the reinstatement. These changes, if any, will be sent to You for You to attach to this Policy.

OVERVIEW OF DENTAL BENEFITS

This section provides information that will give You a better understanding of how the dental plan works and how to make it work best for You.

Benefits, Limitations and Exclusions

We will pay Benefits for the types of dental services as described in the Attachments that are a part of this Policy.

We will pay Benefits only for covered services. This Policy covers several categories of Benefits when a Provider furnishes the services and when they are necessary and within the standards of generally accepted dental practice. Claims shall be processed in accordance with Our standard processing policies. We may use dentists (dental consultants) to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis. If You receive dental services from a Provider outside the state of West Virginia, the Provider will be paid according to Our network payment provisions for said state and according to terms of this Policy.

If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable under this Policy. Even if the Provider bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.

Enrollee Coinsurance

We will pay a percentage of the Maximum Contract Allowance for covered services, subject to certain limitations, and You are responsible for paying the balance. What You pay is called the enrollee coinsurance (“Enrollee Coinsurance”) and is part of Your out-of-pocket cost. You may have to satisfy a Deductible before We will pay Benefits. You pay the Enrollee Coinsurance even after a Deductible has been met.

The amount of Your Enrollee Coinsurance will depend on the type of service and the Provider furnishing the service (see section titled “*Selecting Your Provider*”). Providers are required to collect Enrollee Coinsurance for covered services. If the Provider discounts, waives or rebates any portion of the Enrollee Coinsurance to You, We will be obligated to provide as Benefits only the applicable percentages of the Provider’s fees or allowances reduced by the amount of the fees or allowances that is discounted, waived or rebated.

It is to Your advantage to select PPO Providers because they have agreed to accept the Maximum Contract Allowance as payment in full for covered services, which typically results in lower out-of-pocket costs for You. Please refer to the section titled “*Selecting Your Provider*” for more information.

See also Our *Network Adequacy Exception* section.

Pre-Treatment Estimates

Pre-Treatment Estimate requests are not required; however, Your Provider may file a Claim Form before beginning treatment, showing the services to be provided to You. We will estimate the amount of Benefits payable under this Policy for the listed services. By asking your Provider for a Pre-Treatment Estimate from Us before You receive any prescribed treatment, You will have an estimate up front of what We will pay and the difference You will need to pay. The Benefits will be processed according to the terms of this Policy when the treatment is actually performed. Pre-Treatment Estimates are valid for 365 days or until an earlier occurrence of any one of the following events:

- the date this Policy terminates;
- the date Your coverage ends; or
- the date the Provider’s agreement with Us ends.

A Pre-Treatment Estimate does not guarantee payment. It is an estimate of the amount We will pay if You are covered and meet all the requirements of the plan at the time the treatment You have planned is completed and may not take into account any Deductibles, so please remember to figure in Your Deductible if necessary.

SELECTING YOUR PROVIDER

Free Choice of Provider

You may see any Provider for Your covered treatment whether the Provider is a PPO Provider, Premier Provider or a Non-Delta Dental Provider. **Remember, You enjoy the greatest Benefits – including out-of-pocket savings – when You choose a PPO Provider.** To take full advantage of Your Benefits, We highly recommend You verify a Provider's participation status with Your dental office before each appointment. Review this section for an explanation of Our payment procedures to understand the method of payments applicable to Your Provider selection and how that may impact Your out-of-pocket costs.

Locating a PPO Provider

To locate a PPO Provider, You may access information through Our website at deltadentalins.com, or contact Our Customer Service Center and one of Our representatives will assist You. We can provide You with information regarding a Provider's network participation, specialty and office location.

See also Our *Network Adequacy Exception* section.

Choosing a PPO Provider

Payment for covered services provided by a PPO Provider is calculated based on the lesser of the Provider's Submitted Fee or the Maximum Contract Allowance. PPO Providers have agreed to accept the PPO Maximum Contract Allowance as payment in full for covered services.

The portion of the Maximum Contract Allowance payable to Us is limited to the applicable Contract Benefit Level show in *Attachment A*. Our payment is sent directly to the PPO Provider who submitted the claim. We will advise You of any charges not payable to Us for which You are responsible. These charges are Your share of the Maximum Contract Allowance, and any cost sharing features such as Deductibles, charges where the maximum has been exceeded, any limitations or exclusions, and/or charges for non-covered services. You are encouraged to visit a PPO Provider to reduce out-of-pocket costs.

Choosing a Premier Provider

Payment for covered services performed by a Premier Provider is calculated based on the lesser of the Provider's Submitted Fee or the Maximum Contract Allowance. A Premier Provider is a contracted Provider who is not contracted as a PPO Provider and has not agreed to accept the PPO Maximum Contract Allowance as payment in full for covered services. Rather, Premier Providers have agreed to accept the Premier Maximum Contract Allowance, which in most cases is higher than the PPO Maximum Contract Allowance

The portion of the Maximum Contract Allowance payable by Us is limited to the applicable Contract Benefit Levels shown in *Attachment A*. Our payment is sent directly to the Premier Provider who submitted the claim. We will advise You of any charges not payable by Us for which You are responsible. These charges are Your share of the Maximum Contract Allowance, and any cost sharing features such as Deductibles, charges where the maximum has been exceeded, and limitations or exclusions, and/or charges for non-covered services.

When seeking services from a Premier Provider, You are encouraged to review the *Attachment A* to verify the Provider's in-network status or contact Our Customer Service Center for assistance.

Choosing a Non-Delta Dental Provider

Payment for covered services provided by a Non-Delta Dental Provider is calculated based on the lesser of the Provider's Submitted Fee or the Maximum Contract Allowance. Because these Providers are not contracted, We cannot limit the amount charged to You. Seeking treatment from a Non-Delta Dental Provider will generally result in higher out-of-pocket costs to You.

The portion of the Maximum Contract Allowance payable by Us is limited to the applicable Contract Benefit Levels shown in *Attachment A*. Non-Delta Dental Providers have no agreement with Us and are free to bill You for any difference between what We pay and the Submitted Fee.

You may be required to pay the Provider and then submit a claim to Us for reimbursement. When dental services are received from a Non-Delta Dental Provider, Our payment is sent direct to You.

We will advise You of any charges not payable by Us for which You are responsible. These charges are Your share of the Maximum Contract Allowance, and any cost sharing features such as Deductibles, charges where the maximum has been exceeded, any limitations and exclusions, and/or charges for non-covered services.

See also Our *Network Adequacy Exception* section.

Network Adequacy Exception

You may obtain Benefits from any Provider including a Non-Delta Dental Provider and We will treat the Benefits as if the services were obtained from a Delta Dental contracted Provider when:

- a Delta Dental contracted Provider is not within Reasonable Proximity;
- You are diagnosed with a condition or disease that requires specialized health care services or medical services, and We;
 - do not have a Delta Dental contracted Provider with the required specialty, training, or expertise; or
 - cannot provide Reasonable Access to a Delta Dental contracted Provider with the required specialty, training, or expertise without Unreasonable Travel or Delay.

For this section, certain words have the following meanings:

- **Reasonable Proximity:** The distance from Your home to a general Dentist that is no more than 30 miles and the distance from Your home to a dental specialist that is no more than 50 miles. If there are no licensed Providers, including non-participating Delta Dental Providers within such distance, Reasonable Proximity will be defined as the distance to next closest, licensed Provider.
- **Reasonable Access:** Your ability to obtain general and/or specialist dental care, based on the average wait time for appointment availability within a given geographical region.
- **Unreasonable Travel or Delay:** A situation where You do not have a general Dentist or specialist within Reasonable Proximity or do not have Reasonable Access to such Provider(s).

To receive the in-network benefit level, You or Your Non-Delta Dental Provider must contact Our Customer Service Center at 888-857-0314 to request authorization to obtain services from either a Delta Dental contracted Provider (e.g., PPO Provider, Premier Provider) or a Non-Delta Dental Provider and We will:

-
- Upon receipt of a claim form:
 - Pay the Delta Dental contracted Provider the agreed to contracted fees minus Your liability;
 - Pay the Non-Delta Dental Provider their Submitted Fee (or any otherwise negotiated fee; between the Non-Delta Dental Provider and Us minus Your liability, or
 - You will be reimbursed up to the Non-Delta Dental Provider's Submitted Fee minus Your liability.
 - Your financial responsibility will be calculated by taking into consideration any Coinsurance and other cost-sharing amounts including, but not limited to, annual maximums and Deductibles calculated by using the in-network benefit level based on the Maximum Contract Allowance for Our in-network Providers.

Your Plan accumulator(s) will be based on the in-network Provider PPO Maximum Contract Allowance. The remainder of the Provider's Submitted Fee paid by Us will not be included in any of Your Plan accumulator(s).

How to Submit a Claim

Claims for Benefits must be filed on a standard Claim Form that is available in most dental offices. Providers will fill out and submit Your claims paperwork for You. Please refer to the section titled "*Claim Form*" for more information.

Your dental office should be able to assist You in filling out the Claim Form. Fill out the Claim Form completely and send it to:

Delta Dental of West Virginia, Inc.
P.O. Box 2105
Mechanicsburg, PA 17055-2105

Payment Guidelines

We do not pay PPO or Premier Providers any incentive as an inducement to deny, reduce, limit or delay any appropriate service.

If You or Your Provider file a claim for services more than 12 months after the date You received the services, payment may be denied. If the services were received from a Non-Delta Dental Provider, You are still responsible for the full cost. If the payment is denied because Your PPO or Premier Provider failed to submit the claim on time, You may not be responsible for that payment. However, if You did not tell Your PPO or Premier Provider that You were covered under a Delta Dental Policy at the time You received the service, You may be responsible for the cost of that service.

If You have any questions about any dental charges, processing policies and/or how Your claim is paid, please contact Us.

Provider Relationships

The Primary Enrollee and Delta Dental agree to permit and encourage the professional relationship between the Provider and Yourself be maintained without interference. Any PPO, Premier or Non-Delta Dental Provider, including any Provider or employee associated with or employed by them, who provides dental services to You does so as an independent contractor and shall be solely responsible for dental advice and for performance of dental services, or lack thereof, to You.

GRIEVANCES AND APPEALS

If You have questions about any services received, We recommend that You first discuss the matter with Your Provider. However, if You continue to have concerns, please call Our Customer Service Center. You can also email questions by accessing the “Contact Us” section of Our website at deltadentalins.com.

No claim for loss incurred or disability commencing after two (2) years from the date of issue of this Policy will be reduced or denied on the grounds that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss existed prior to the Effective Date of this Policy.

Payment for services will be made directly to the Provider (Please see section entitled Additional Obligations of Providers above for more information). All Benefits not paid to the Provider will be payable to You or to Your estate, or to an alternate recipient as directed by court order, except that if the person is a minor or otherwise not competent to give a valid release, Benefits may be payable to their parent, guardian or other person actually supporting them.

No such statement will be used in defense to a claim under this Policy unless it is contained in a written application. If any misstatement would materially affect the rates, We reserve the right to adjust the Premium to reflect Your actual circumstances at time of application or to terminate Your Policy.

Protection Disclaimer

Residents of West Virginia who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the West Virginia Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policy holders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the Guaranty Association is not unlimited, however, and is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The West Virginia Life and Health Insurance Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in West Virginia. You should not rely on coverage by the West Virginia Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy. For a complete description of coverage, consult Article 26A, Chapter 33 of the West Virginia Code.

Coverage is not provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

The Guaranty Association or the West Virginia Insurance Commission will respond to questions you may have which are not answered by this document. Contractholders with additional questions may contact:

Description of Dental Services for Pediatric Benefits (under age 19)

We will pay or otherwise discharge the Policy Benefit Level shown in Attachment A for Essential Health Benefits when provided by a Provider and when necessary and customary under generally accepted dental practice standards and for medically necessary Orthodontic Services. Orthodontic treatment is a benefit of this dental plan only when medically necessary as evidenced by a severe handicapping malocclusion and when a prior authorization is obtained. Severe handicapping malocclusion is not a cosmetic condition. Teeth must be severely misaligned causing functional problems that compromise oral and/or general health. Benefits for medically necessary orthodontics will be provided in periodic payments based on continued enrollment.

• **Diagnostic and Preventive Services**

- (1) Diagnostic: procedures to aid the Provider in determining required dental treatment.
- (2) Preventive: cleanings, including scaling in presence of generalized moderate or severe gingival inflammation – full mouth, topical application of fluoride solutions, space maintainers.

- (3) Sealants: topically applied acrylic, plastic or composite materials used to seal developmental grooves and pits in permanent molars for the purpose of preventing decay.
- (4) Specialist Consultations: opinion or advice requested by a general dentist.

Limitations for Pediatric Benefits (under age 19)

- (1) Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called "Optional Services." Optional Services also include the use of specialized techniques instead of standard procedures.

If You receive Optional Services, an alternate Benefit will be allowed, which means We will base Benefits on the lower cost of the customary service or standard practice instead of on the higher cost of the Optional Service. You will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.
- (2) Claims will be processed in accordance with Our standard processing policies. The processing policies may be revised from time to time; therefore, We will use the processing policies that are in effect at the time the claim is processed. We may use dentists (dental consultants) to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis.

- (3) If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable under this Policy. If the Provider bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.

Non-Discrimination Disclosure

Discrimination is Against the Law

We comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. We do not exclude people or treat them differently because of their race, color, national origin, age, disability, or sex.

Coverage for medically necessary health services are available on the same terms for all individuals, regardless of sex assigned at birth, gender identity, or recorded gender. We will not deny or limit coverage to any health service based on the fact that an individual's sex assigned at birth, gender identity, or recorded gender is different from the one to which such health service is ordinarily available. We will not deny or limit coverage for a specific health service related to gender transition if such denial or limitation results in discriminating against a transgender individual.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance electronically online, over the phone with a customer service representative, or by mail.

ENROLLEE NOTICES

Federal and state laws require enrollees to be notified on a periodic basis about enrollee rights and privacy practices. Below is a summary of the notices that are available under the legal or privacy section of our webpage. To access the most current version and the full text of each notice, please visit our website at deltadentalins.com.

Federal Notices:

- **HIPAA Notice of Privacy Practices (NPP):** Federal regulations require insurance plans to share information about the company's privacy practices. This is called a "Notice of Privacy Practices (NPP)" and should be read when an individual first becomes an enrollee and reviewed at least every three years thereafter.
- **Gramm-Leach-Bliley (GLB):** Financial institutions and insurance companies must describe how demographic and financial information is collected and shared. California requires a state specific notice called the California Financial Privacy Notice, which is described below under the State Notices section.
- **Notice of Non-Discrimination:** We comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. If you believe we have failed to provide these services or discriminated in another way on the basis of race, color,

national origin, age, disability, or sex, you can file a grievance electronically online, over the phone with a customer service representative, or by mail.

- **Language Assistance Notice and Survey:** We provide phone interpretation to callers who do not speak English. In California, we will also provide, on request, a translated copy of certain vital documents in either Spanish or Chinese. In Maryland and Washington DC, enrollees may receive grievance materials in Spanish or Chinese.

State Notices:

- **CA Financial Privacy Notice:** This notice to Californians describes our demographic and financial information collection and sharing practices. It is similar to the Gramm-Leach-Bliley (GLB) notice described above.
- **CA Grievance Process:** This notice describes our procedure for processing and resolving enrollee grievances and gives the address and phone number to make a complaint. Californians are encouraged to read this notice when they first enroll and annually thereafter.
- **CA Timely Access to Care:** California law requires health plans to provide timely access to care. This law sets limits on how long enrollees must wait to get appointments and telephone assistance.
- **CA Tissue and Organ Donations:** This notice informs subscribers of the societal benefits of organ donation and the methods they can use to become organ and/or tissue donors. California regulations require every health plan to provide this information upon enrollment and annually thereafter.

deltadentalins.com

- **CA Annual Deductible and OOP Max Accrual Balances:** California law requires health plans to provide enrollees with up-to-date accrual balances towards their annual deductible and out-of-pocket maximum for every month benefits were used until the accrual balances are met. Enrollees have the right to request their most up-to-date accrual balance from the health plan at any time.
- **CA Request Confidential Communications:** This notice informs subscribers of methods of contacting the plan when there is a need or desire to provide and alternative address to received protected health information. Users may also choose to use the "Request for Confidential Communication" form when submitting such request.
