

Meet Toothpic

A photo-based teledentistry platform for Delta Dental PPO™ and Delta Dental Premier® plan members

Toothpic is an innovative platform that offers your employees virtual dental assessments for non-urgent issues from a Delta Dental PPO dentist — right from their computer, smartphone or tablet, in under 24 hours. Delta Dental¹ has partnered with Toothpic to provide virtual assessments from in-network dentists as a covered benefit for PPO and Premier plan members.

How it works

STEP 1

Visit deltadental.toothpic.com to register.

STEP 2

Members answer a few questions about their oral health history and reason for visit.

STEP 3

The platform guides members to take six photos of their teeth, gums and areas of concern.

STEP 4

Members' profile and photos are sent securely through the HIPAA-compliant platform to the nearest available Delta Dental dentist.

STEP 5

In under 24 hours, members receive a personalized diagnostic report on their results!

Every issue detected is explained and marked on the photos, with severity, treatment options, and access to Delta Dental's dentist directory for follow-up care.

Keep your employees healthy with greater access to quality dental care.

Toothpic gives your employees a fast and easy way to check on dental concerns. This helps them save time, minimizes absenteeism, and keeps employees safe from unnecessary exposure. Toothpic can be a great way to encourage your employees to use their benefits, which could lead to healthier outcomes.

Your employees can:

- Receive a **fast and easy dental assessment** without an appointment **from anywhere in the U.S.** – even when the dentist office is closed.
 - **Address non-urgent dental issues** to understand the severity of an issue and get treatment options.
 - **Save time** and experience the convenience of getting a dental checkup without leaving the comfort of their home, especially if their dentist is far away or there's a limited number of dentists in their area.
- Take the first step in getting care and proactively **get ahead of an issue before it worsens.**

Here's what else you need to know:

- There are no plan design changes or new contracts for you to sign.
- There are no additional fees for your group to pay.
- A virtual dental assessment is covered as a diagnostic exam and will count towards diagnostic exam frequency limitations.
- If a member chooses to save their benefits for in person visits, there is an option to select a \$35 payment directly to Toothpic and the virtual visit will not count toward their benefits.
- Toothpic's platform is HIPAA-compliant, and all health information stored and sent through the platform is encrypted, safe and secure.

Visit deltadental.toothpic.com.

Delta Dental will provide optional marketing resources to help you to create awareness with your employees. Marketing resources are located on deltadentalins.com/administrators.

1. Dental of California, Delta Dental of New York, Inc., Delta Dental of Pennsylvania, Delta Dental Insurance Company and affiliated companies. Delta Dental is a registered trademark of Delta Dental Plans Association.

2. Deductibles, annual maximums, coinsurance and frequency limitations apply. A Toothpic virtual dental assessment will count as one of the diagnostic exams. Most plans cover two diagnostic exams per year. Some Delta Dental plan types do not allow members to use their benefits to pay for a Toothpic virtual dental assessment. If your plan is not eligible, or if you choose to not utilize your benefits for the assessment, you may still receive a Toothpic virtual dental assessment for \$35.
